

Help with migrating from the old pick-up point page (Pudo page) to the Widget Pick-up point V2

Why should you switch to the new Widget Pick-up point V2?

You are currently using an old technical solution for suggesting points of collection.

This will be replaced by a new version, called a widget, offering the same functions and more, but with revised and improved ergonomics, to be integrated into your front office.

In more detail, Widget V2 offers a web-standard service compared with the old solution, which has become obsolete:

- ✓ A UX/UI redesign in a responsive interface
- ✓ Simple to implement in the order purchase tunnel
- ✓ Exclusive new features:
 - Possibility of adjusting the widget to match your graphic charter
 - ✤ Address autocompletion
 - Presentation of points on the map
- $\checkmark\,$ Security updates and performance improvements

Integration procedure mode

The Widget V2 is accessible in https only at the URL :

https://ws.colissimo.fr/widget-colissimo/js/jquery.plugin.colissimo.min.js

To run, the widget needs the following:

- ✓ jQuery version 3.0 minimum
- ✓ Mapbox GL version 2.3.1 minimum for mapping
- ✓ The Widget Colissimo

The integration stages are :

- 1) Obtain an authentication token (API Key) via <u>https://ws.colissimo.fr/widget-</u> <u>colissimo/rest/authenticate.rest</u> from your Colissimo box space
- 2) Use the token as an authentication key in the widget's call parameters
- 3) Integrate the Widget into your shopping tunnel

The parameters are supplied to the *frameColissimoOpen* JavaScript method in JSON format. A full description of the widget parameters can be found in the documentation available <u>here</u>.

Importing JS libraries

Example of a Widget call

<!DOCTYPE html> <html lang="fr"> <!--Les librairies jQuery et MapBox --> <script src="https://ajax.googleapis.com/ajax/libs/jquery/3.6.0/jquery.js" type="text/javascript"></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script></script <script src='https://api.mapbox.com/mapbox-gl-js/v2.6.1/mapbox-gl.js'></script> khref='https://api.mapbox.com/mapbox-gl-js/v2.6.1/mapbox-gl.css' rel='stylesheet' /> <!--La librairie widget colissimo --> <script src="https://ws.colissimo.fr/widget-colissimo/js/jquery.plugin.colissimo.min.js" type="text/javascript"></script> <div id="monIdDeWidgetColissimo" class=""></div> <script type="text/javascript"> <!--URL du serveur colissimo --> var url_serveur = 'https://ws.colissimo.fr'; <!--La méthode appelée par le widget lors de la sélection d'un point de retrait par l'utilisateur, l'objet point contient toutes les informations du point de retrait --> function maMethodeDeCallBack(point) { console.log('call back frame'); console.log(point); jQuery('#monIdDeWidgetColissimo').frameColissimoClose(); <!-- on doit s'authentifier séparément pour raison de sécurité--> <!--Le token de connexion au widget --> var token = 'eyJhbGciOiJIUzI1NiJ9.eyJqdGkiOil4ZTZkMjgyYjUxZDBlMjgyY2l0ODdkM2QzNGVjMDMwNSIsImlhdCl6MTY0MTk5NjQ5OCwic3Viljoid2lkZ2V0liwiaXNzljoiODE4NDE5liwiZXhwIjoxNj QxOTk4Mjk4fQ.FP0-NCyGvf5umnHEu0cZ4fAyYnsN7yoS4AxTsdaGFYY'; \$('#monIdDeWidgetColissimo').frameColissimoOpen({ "URLColissimo" : url serveur, <!-- nom de la méthode qui sera appelée lors de la sélection d'un point de retrait --> "callBackFrame" : 'maMethodeDeCallBack', "ceCountry" : "FR", "ceAddress" : "1 rue de rivoli", "ceZipCode" : "75001", "ceTown" : "Paris", "origin" : "WIDGET", "filterRelay" : "1", "token" : token });
